President's Advisory Tax Panel,

Whereas, the Constitutional foundation established in the beginning of our nation has been eroded considerably over the years; steps need to be taken to return government to original standards. Instead of so called "free" trade, and income tax bureaucracy, our Founding Fathers designed duties and tariffs as revenue for operating their earliest and most desired streamlined government. It worked great until about 1913. If more revenue would be absolutely needed, it should be Constitutionally acquired by a pre-16 and 17 Amendment Congress through a national sales tax.

Suggestions:

- 1) Our country was founded as a Republic, NOT a Democracy. Erase all Amendments which were not legally ratified (such as the 16th and 17th Amendments) and enforce the Original 13th Amendment.
- 2) Restore our Constitutional rights. Return us to our personal freedoms.
- 3) Close the Federal Reserve. It is unConstitutional and illegal.
- 4) End unConstitutional, undeclared wars. War declared by the people's congress as a REPUBLIC would put troops on our borders to stop illegal aliens. Stop all illegal welfare programs and stop taking our money to run illegal programs.
- 5) Get the government out of education where it has NO legal authority to act.

- 6) Impeach all judges who behave badly by not understanding or supporting the Constitution of the united STATES.
- 7) Impeach every senator, congressman, or member of the Executive branch who has broken his oath of office to support and defend the Constitution, INCLUDING the lives of our unborn.

Thanks in advance for reviewing in entirety all the suggestions you receive.
Together we can alleviate an unwanted system not intended by our most God fearing, thoughtful and thorough Founding Fathers.

Sincerely yours,
